25X1A

INSTALLATION: Vladivostok Naval Base and Shipyard

LOCATION: Vladivostok, USSR

WAC NUMBER: 291

BRIEF NO.: SB-7-57

DATE: 12 November 1957

LAT.: 43°07'N

LONG.: 131°55'E

25X1D

REFERENCE: Navy. ONI Port Series 45-212, Vladivostok, USSR PORT
Intelligence Study, Jul 1956.

REQUIREMENT HTA/SI/S16/57: Give a general description of Vladivostok Shipyard No. 202 and classify by type the ships present at the shipyard.

REMARKS:

An examination of [REDACTED] photography covering 25X1D the Vladivostok Naval Base and Shipyard 202 reveals that facilities include three graving docks, 760 by 120 feet, 640 by 100 feet, and 570 by 120 feet. Located adjacent to the graving docks are forge and machine shops, foundries, plate shops, power and pump houses, electronic and ordnance shops, warehouses, and other buildings typical of a major shipyard.

This naval base and shipyard is accurately described in detail in the ONI Vladivostok Port Intelligence Study referenced above, except for the following changes:

1. The barracks-type building located just north of building No. 22 has been replaced by a T-shaped building 200 by 160 feet over-all. A large smokestack has been constructed adjacent to this new building, indicating that it may function as a power and/or steam plant.

SB-7-57

2. A modified C-shaped building, 220 by 40 feet, has been constructed 200 feet due west of the new T-shaped building.
3. Three wings, each 140 by 40 feet, have been added to the building located just north of building No. 20.

25X1D

On [REDACTED] the following 120 naval and merchant ships were berthed at this installation. Because of the quality of photography only the major vessels could be identified by type.

- 1 Heavy Cruiser (Kirov Class)
- 1 Light Cruiser (Sverdlov Class)
- 2 Ice Breakers (J. Stalin Class)
- 5 Submarines
- 9 Destroyers
- 3 Destroyer Escorts
- 9 Mine Sweepers
- 2 Sub Chasers
- 1 Frigate
- 5 Military Transports
- 2 Tankers
- 18 Freighters
- 48 vessels 100 to 200 feet in length
- 14 vessels under 100 feet in length
